OUR VISION

“

To educate and prepare the young minds for complete personality development to face the challenges in different fields and to contribute in the sustainable development of India for a better tomorrow. ”

HON'BLE CHAIRMAN'S MESSAGE

At D.D. College, we nurture our student's love for learning, encourage them to try new & exciting things, and give them a strong foundation to build on.

Our aim is to develop well- rounded, confident and responsible individuals with the desire to reach their full potential. We achieve this by providing & welcoming, fun, safe and supportive learning environment where everyone is treated equally and every achievement is valued.

We believe a happy mind leads to a successful life. We are committed to provide a positive, safe & nurturing environment for students to learn & achieve. We want all the students to enjoy learning, realise their capabilities, and become independent learners.

Our team look forward to provide a safe learning environment with a friendly atmosphere that creates a sense of belonging among students & teachers. We maintain an inclusive environment

Jitender Singh Yadav
(Chairman)
D.D. COLLEGE

that recognizes & respects students from diverse family and cultural backgrounds.

ACADEMIC CHAIRMAN'S MESSAGE

Dr. V.K. Tyagi
(Academic Chairman)

Education is a tool not to make people simply literate but to bring out the best from the young minds through guidance and training in an institution of learning. The staff and Management of D. D. College is a religiously engaged in this great and beautiful task of training the youth for participation in Nation building programmers.

The efforts are also made here to make the expensive education more approachable for the economically weaker section of the society. The students who are keen for overall personality development and looking for bright future must join D.D. College, one of the best institution of learning in most cordial environment.

PRINCIPAL'S MESSAGE

Dr. Jyotsna Ramola
(Principal)

D.D. College make it sure that the teaching and learning practices are consistently reviewed to address the future needs of our students. The teaching faculty in the college is highly experienced and motivated. In addition to classroom teaching the teachers also help the students in providing latest subject material for better understanding of the fast changing education system and requirements of the market for employment.

Our staff follows current trends and in collaboration with administration creates a

plan of action and try to bring out the best among themselves and their students. The college ensures a good academic environment for learning and the students have enough opportunities to develop their skills within the strict disciplined environs.

We value regular contact with parents / Guardians to keep them informed of the progress of their wards. We always involve every student in extra curricular activities organised by them during their stay in the college.

ABOUT THE COLLEGE

D.D.College , situated in the heart of the city of Dehradun, has acquired great heights and glory over a short period of time and is making significant contributions in the field of teaching using scientific methods and technological aids. This achievement is due to the untiring efforts of our mentors, Chairman, Mr Jitender Singh Yadav; Chairman Academics, Dr V.K. Tyagi; Principal, Dr Jyotsna Ramola and the teaching and non-teaching faculty of the college. They have been instrumental in promoting quality education at D.D. College and under their guidance, the college which began with 40 students is now one of the renowned institutions of Dehradun.

With this notion of dedication towards providing quality education, D.D. College has embarked on a mission to bring about qualitative changes in the society by empowering the youth, the future of the nation. The main objective is to take education to that segment of society where economic conditions put hurdles for students to take up higher studies. We, at D.D. College, believe in wholesome personality development of every student of our college, for which we provide a supportive environment, experienced faculty, career guidance, and placement. We also provide several freeships and financial help to needy and deserving students.

Today we offer more than 25 courses and our students have been selected in a variety of fields, including Army, Air Force and Medicine. Every year we register an increase in the strength of students and faculty members. We have signed MOUs with Dor foundation, we offer studies Centre for Uttarakhand Open University and we also conduct examinations for UPSC, UKSSC, JEE, NEET, etc. We have conducted five national seminars with exemplary success, providing the ground for scholarly academic discussions on

various burning issues. The faculty and students make tremendous efforts towards commemorating each important day of the year and also strive towards excellence by participating in various extra-curricular activities. Apart from teaching and learning in the classroom, we also encourage our students to take part in field studies and social work. We try to showcase the immense talent hidden in every student, and this indeed is the outstanding speciality of D.D.College.

The college offers the following courses

- ▶ **LLB/BALLB**
- ▶ **B.A.**
- ▶ **B.A. (Yoga)**
- ▶ **B.B.A.**
- ▶ **B.COM.**
- ▶ **B.COM. (Hon's)**
- ▶ **B.SC.**
(Computer Science)
- ▶ **B.SC. (IT)**
- ▶ **B.C.A.**
- ▶ **B.SC.**
(Agriculture)
- ▶ **B.SC. (PCM/CBZ)**
- ▶ **M.SC.**
(Physics/Chemistry/
Math/Zoology/Botany)
- ▶ **M.SC.**
(Horticulture/Agronomy)
- ▶ **M.A. (Yoga)**
- ▶ **M.A.**

- ▶ **B.SC. (Nursing)***

PROLOGUE

Human life aspires toward self-realization, the ultimate state of enlightenment. Enlightenment is attained only through the eradication of ignorance—the darkness that obscures truth. To dispel this ignorance and bring about a transformative change in the field of education, the Divya Drishti Education Society was established in 2005. Our journey began with the founding of D.D. Institute of Advanced Studies, Dehradun. Since then, we have been steadfast in our mission to cultivate a deep understanding of India's rich moral values, cultural heritage, and traditions.

We aim to harness the dynamic revolution occurring in the education sector to bring meaningful reform, not merely as an enterprise, but as a mission to uplift and transform society. We firmly believe that societal progress is only possible with the active collaboration and participation of the community. The true upliftment of society lies in the hands of sincere and visionary educators those who have the vision and dedication to redefine and revitalize the educational system. Our focus remains on imparting quality education through a team of highly qualified, experienced, and dedicated faculty members. This includes distinguished visiting professors and guest lecturers who contribute valuable insights across disciplines. Our well-equipped library, enriched with a vast collection of books, journals, periodicals, and academic resources, serves as a vital hub for intellectual growth and exploration.

We foster a rigorous academic environment that encourages students to discover their potential and strive for excellence. Through a structured, programmatic approach, we aim to provide our students with a competitive edge and prepare them to meet the challenges of the modern world with confidence and capability.

FACULTY OF LAW

D.D. College, Faculty of law, Dehradun established in the year 2024 is dedicated to high-quality legal education in the arena of law, by developing critical thinking, and equipping students for many professions like in law and justice, which is known for its excellence.

Our college is aiming to generate legal experts who maintain ethics, competency, and societal contribution. We are not just aiming to nurture their minds but also develop their physical, moral and ethical character to prepare them for more holistic approach as a legal professional and a responsible citizen of the country.

Our college is situated in the heart of city where the student can easily access the various amenities. The dynamic of legal studies has been very complex since

past few years so it has become vital to choose a recognized law college if one is planning to pursue it as a career. We as an emerging law college can be the resort to your all considerations.

The management of the college believes in maintaining a healthy diversity in the institute. We can ensure that students here will be given the wings to explore the legal arena.

AFFILIATION & APPROVALS

D.D. College, Faculty of law, Dehradun is affiliated to Veer Madho Singh Bhandari Uttarakhand Technical University, State Government university in Sudhowala, Uttarakhand and is approved by the Bar Council of India (BCI).

AVAILABLE COURSES

FIVE YEARS INTEGRATED B.A.LL.B

Eligibility: 10+2 or equivalent

THREE YEARS BACHELOR OF LEGISLATIVE LAW (LL.B)

Eligibility: Graduation in any subject

professional backgrounds. Students will be benefitted by the high-quality academic curriculum and a well-equipped staff.

- Legal Aid Clinics and Moot Court Training
- Legal firms, courts, and NGOs provide internship possibilities
- Smart classrooms, digital tools, and legal library in modern infrastructure
- Student Development Programs—debates, seminars, and workshops
- Wi-Fi Enabled Campus
- Moot Court Hall
- E-Library & Legal Research Database
- Student Legal Aid Society

SCOPE OF B.A. LL.B. AND LL.B.

The scope is quite broad and offers a wide range of career opportunities both within the legal profession and beyond. The various opportunities are such as Legal Practice (Litigation) specialized in criminal law, civil law, corporate law, etc by clearing the AIBE (All India Bar Examination) after which getting registered under any State Bar council.

Judiciary is one of the most prestigious paths for law graduates. Corporate Sector serves a role in contract management, compliance, IPR (Intellectual Property Rights), mergers & acquisitions, etc. Joining top national and international law firms as associates could be a good option.

Public Sector & Government Jobs are also profound. Academia & Research can be opted after pursuing LL.M. and opt for teaching or research. Legal Writing & Journalism and other alternative careers like Mediation & Arbitration (ADR expert), etc.

WHAT MAKES DD COLLEGE, FACULTY OF LAW SPECIAL?

Our college is endeavouring to provide experienced professors with academic and

The Department of Commerce is dedicated to academic excellence and holistic student development. It offers undergraduate and postgraduate programmes designed to equip students with a strong foundation in commerce, along with practical skills and industry-relevant knowledge. The curriculum is structured to provide a deep understanding of core subjects such as Accounting, Economics, Finance, Taxation, Management, Insurance, and Company Secretaryship.

UNDERGRADUATE PROGRAMMES

BACHELOR OF COMMERCE (B.COM)

The B.Com programme aims to develop students' managerial competencies and analytical skills across various domains of commerce. Through a well-rounded curriculum, students gain insights into Accounting, Economics, Finance, Taxation, Management, and Insurance. This programme serves as a strong platform for those seeking careers in business and commerce.

DURATION : 3 YEARS (6 SEMESTERS) Eligibility: 10+2 or equivalent in the Commerce stream

BACHELOR OF COMMERCE (HONOURS)

B.Com (Hons.) is a specialised programme designed for students aspiring to pursue professional careers in Commerce, Accounting, Finance, Banking, and Insurance. It is particularly beneficial for those preparing for qualifications such as Chartered Accountancy, Cost Accountancy, and Company Secretaryship.

DURATION : 3 YEARS (6 SEMESTERS) Eligibility: 10+2 or equivalent in the Commerce stream

POSTGRADUATE PROGRAMMES

MASTER OF COMMERCE

The M.Com programme offers in-depth academic training in Commerce, Accounting, Management, and Economics.

It is ideal for graduates who wish to advance their knowledge, enhance their career prospects, or pursue research and teaching in the field of commerce.

DURATION: 2 YEARS (4 SEMESTERS) Eligibility: B.Com or an equivalent degree in Commerce.

The Department of Commerce fosters an environment of learning, innovation, and professional growth, preparing students to meet the evolving demands of the corporate and financial world.

BBA

BBA is a comprehensive undergraduate program focused on developing essential business skills, knowledge, and a strong foundation in various disciplines of business administration.

The **Bachelor of Business Administration** program at **DD College** is a three-year (6 Semesters) undergraduate program designed to provide students with a broad understanding of business concepts and practices. The program offers a combination of theoretical knowledge and practical skills to equip students with the necessary tools to excel in the business world. It covers subjects such as Marketing, Finance, Human resource management, Entrepreneurship and Business ethics.

KEY HIGHLIGHTS

- **Diverse Curriculum:** The BBA program offers a diverse curriculum that covers various aspects of business administration. It includes courses in marketing management, financial management, organizational behavior, business communication, operations management, and strategic management. The curriculum is regularly updated to keep pace with the rapidly evolving business environment.
- **Industry-Relevant Skills:** The program focuses on developing industry-relevant skills that are in high demand from employers. Students gain practical knowledge and skills through real-world case studies, projects, internships, and industry visits. They learn to analyze business problems, make informed decisions, and develop effective strategies.
- **Experienced Faculty:** The BBA program is taught by experienced faculty members who have expertise in

their respective fields. They bring a combination of academic knowledge and industry experience to the classroom, ensuring a well-rounded education for the students. Faculty members also provide mentorship and guidance to help students achieve their academic and career goals.

Guest Lectures and Workshops: The college regularly organizes guest lectures and workshops by industry experts and renowned professionals. These sessions provide valuable insights into the latest trends, challenges, and opportunities in the business field. Students get the opportunity to interact with industry leaders and expand their network.

Soft Skills Development: In addition to business knowledge, the program focuses on developing students' soft skills, including communication, teamwork, leadership, and critical thinking. These skills are essential for success in the business world and are emphasized throughout the program.

Experiential Learning: The program emphasizes experiential learning to bridge the gap between theory and practice. Students have opportunities to participate in internships, industry projects, and simulated business environments.

These experiences enhance their understanding of business dynamics and develop their problem-solving and decision-making abilities.

CAREER PROSPECTS

Graduates of the BBA program can pursue a wide range of careers in the field of business. A few career paths that BBA graduates can pursue include:

- **Business Analyst:** Business analysts analyze market trends, assess business performance, and make recommendations to improve operational efficiency and profitability.
- **Marketing Manager:** Marketing managers develop and implement marketing strategies to promote products or services, conduct market research, and oversee marketing campaigns.
- **Human Resource Manager:** Human resource managers are responsible for managing employee recruitment, training and development, performance evaluation, and ensuring compliance with labor laws and regulations.
- **Project Manager:** Project managers plan, execute, and manage projects, ensuring timely completion, budget adherence, and quality deliverables.
- **Banker:** BBA graduates can pursue careers in banking, working as loan officers, relationship managers, or financial advisors in banks and financial institutions.
- **Entrepreneur:** BBA graduates have the knowledge and skills to start their own businesses and become entrepreneurs in various industries.
- **Business Consultant:** Business consultants provide expert advice to organizations on various aspects such as strategy, operations, marketing, and organizational development
- **Operations Manager:** Operations managers oversee the day-to-day operations of an organization, streamline processes, and ensure efficient production and delivery of goods or services.
- **Sales Manager:** Sales managers lead sales teams, set sales targets, develop sales strategies, and monitor sales performance to achieve revenue goals.
- **Financial Planner:** Financial planners help individuals and organizations manage their finances, plan for investments, retirement, and wealth management.

The Science Department is a pillar of academic excellence, offering comprehensive programs at both undergraduate and postgraduate levels. With a strong emphasis on conceptual clarity, practical learning, and research orientation, the department nurtures a scientific temperament among students. It equips them with the skills necessary for diverse career paths in science and technology.

UNDERGRADUATE PROGRAMS

BACHELOR OF SCIENCE (B.SC - PCM)

Subjects: Physics, Chemistry, Mathematics

The B.Sc (PCM) program is tailored for students with a strong inclination towards the physical and mathematical sciences. The curriculum is designed to develop a solid foundation in scientific principles, analytical thinking, and problem-solving skills.

- **PHYSICS** focuses on classical and modern physics, including mechanics, optics, electromagnetism, and quantum theory.
- **CHEMISTRY** covers physical, organic, and inorganic chemistry along with essential lab techniques.
- **MATHEMATICS** includes calculus, algebra, statistics, differential equations, and numerical methods.

CAREER PATHWAYS:

Graduates can pursue higher education (M.Sc, MCA, MBA), research, teaching, or careers in IT, civil services, and various scientific and technical roles.

BACHELOR OF SCIENCE (B.SC - CBZ)

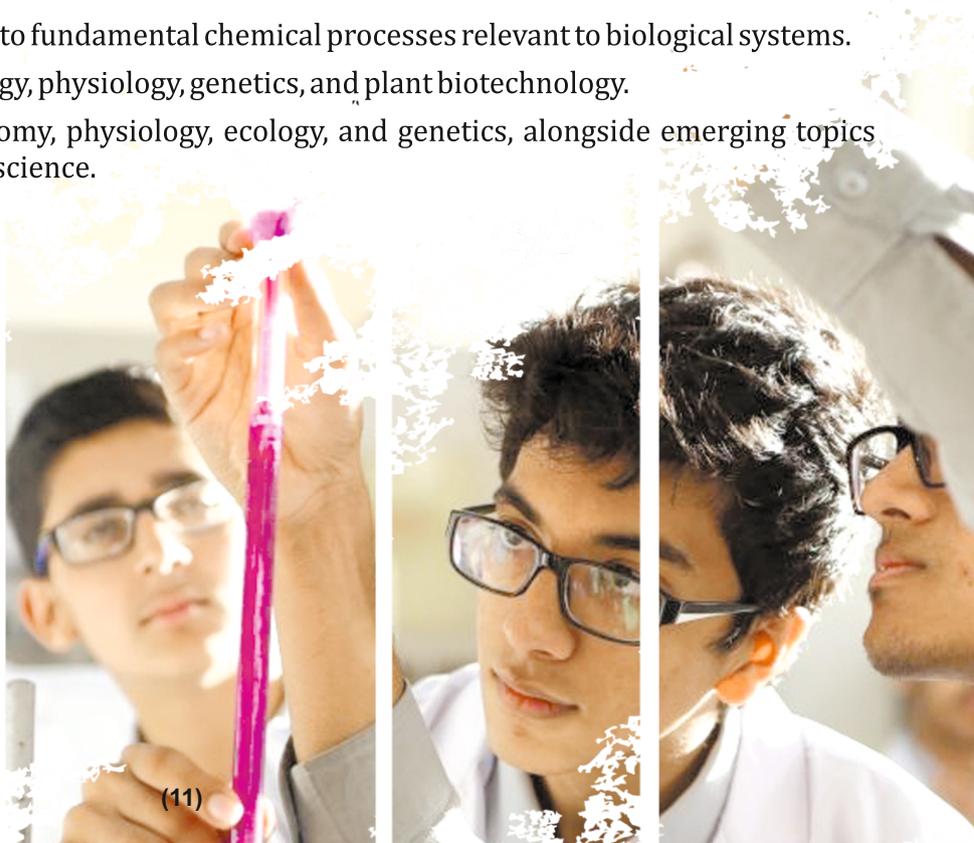

Subjects: Chemistry, Botany, Zoology

The B.Sc (CBZ) program is ideal for students passionate about the life sciences. It offers a strong grounding in the biological and chemical sciences, with an emphasis on laboratory and field studies.

- **CHEMISTRY** introduces students to fundamental chemical processes relevant to biological systems.
- **BOTANY** explores plant biology, physiology, genetics, and plant biotechnology.
- **ZOOLOGY** covers animal anatomy, physiology, ecology, and genetics, alongside emerging topics like environmental science.

CAREER PATHWAYS

Graduates can explore opportunities in biotechnology, pharmaceuticals, environmental management, agriculture, or opt for further studies like M.Sc, B.Ed, and competitive exams.

POSTGRADUATE PROGRAMS

The postgraduate courses offered by the Science Department aim to deepen students' subject knowledge, foster research aptitude, and prepare them for academic, scientific, and industrial careers. All M.Sc. programs combine coursework with hands-on laboratory work and research projects.

M.SC MATHEMATICS

Offers in-depth training in advanced mathematical theories and their real-world applications.

- Core areas: Real and complex analysis, abstract algebra, differential equations, and mathematical modelling.
- Career options include teaching, data analytics, actuarial science, research, and civil services.

M.SC CHEMISTRY

Focuses on the theoretical and practical aspects of modern chemistry.

- Core areas: Organic synthesis, spectroscopy, physical chemistry, analytical techniques, and research methodology.
- Career prospects in pharmaceuticals, R&D labs, chemical industries, and quality control.

M.SC PHYSICS

Designed to provide a thorough understanding of physical laws and modern technological applications.

- Core areas: Quantum mechanics, electromagnetism, statistical physics, solid-state physics, and electronics.
- Suitable for careers in education, scientific research, instrumentation, and government sectors.

M.SC ZOOLOGY

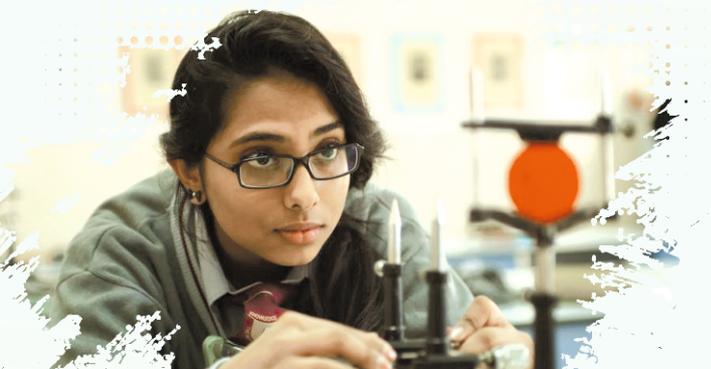

Explores animal biology, behavior, and modern biotechnological tools.

- Core areas: Cell biology, genetics, developmental biology, animal physiology, and ecology.
- Career options in environmental consultancy, wildlife conservation, academic research, and healthcare.

M.SC BOTANY

Provides advanced insights into plant sciences and sustainable development.

- Core areas: Plant physiology, taxonomy, molecular biology, ecology, and plant biotechnology.
- Opens doors to careers in agriculture, forestry, research, horticulture, and green technology.

Computer Science Department at D.D. College is designed to create future ready professionals in the IT industry. Students acquire knowledge of principles and applications of computer programming and gain valuable knowledge of core subjects and languages of computer science such as Operating system, C, C++, Java, and Database Management with advanced labs.

This program provides an in-depth understanding of Software development, networking, artificial intelligence, cyber security, Database and cloud computing. The curriculum is aligned with industry trends, ensuring graduates are well-equipped to handle real-world challenges. With a strong emphasis on practical learning, coding skills and problem solving abilities, students are prepared for dynamic careers in leading tech companies.

DEPARTMENTAL MISSION:

- To provide a learning ambience to enhance programming skills for problem solving
- To integrate the software industry and academia in order to utilize technology for research and innovation.
- To provide a comprehensive computing environment that meets the highest global standards for higher education and lifelong learning.

- To create ethical, skilled engineers through theoretical understanding and practical implementations.

CAREER OPPORTUNITIES AND INDUSTRY DEMAND:

The IT sector is one of the fastest growing industries globally, offering a high demand for skilled professionals. Graduates can explore careers as:

- Software Developers
- Data Scientists & AI Specialists
- Cyber security Experts
- Network Administrators
- Cloud Engineers

UNDERGRDUATE PROGRAM

B.SC COMPUTER SCIENCE

Duration : 3 years (6 semesters)

Eligibility : 12 qualified with PCM

B.SC INFORMATION TECHNOLOGY

Duration: 3 years (6 semesters)

Eligibility:12 qualified

BCA (BACHELOR OF COMPUTER APPLICATION)

Duration: 3 years (6 semesters)

Eligibility:12 qualified with PCM

Code your future with innovative technology & knowledge with the Department of Computer Science at D. D. College.

Introduction:

The Department of Arts at D.D. College [affiliated to Sri Dev Suman University Uttarakhand] stands as a cornerstone of the institution's commitment to academic excellence and holistic development. The department has consistently strived to provide students with a comprehensive education in the humanities and social sciences, fostering critical thinking, cultural awareness, and societal engagement.

The faculty is dedicated to nurturing well-rounded individuals who are not only academically proficient but also socially conscious.

The Department of Arts at D.D. College is committed to providing a holistic education that blends academic rigor with practical experience. By fostering a supportive and dynamic learning environment, the department aims to develop individuals who are knowledgeable, socially responsible, and prepared to contribute meaningfully to society.

The Department of Arts offers a variety of undergraduate and postgraduate programs designed to cater to diverse academic interests and career aspirations.

UNDERGRADUATE PROGRAM (B.A.) :

The Undergraduate program of Arts Department aims to cultivate a learning environment that encourages intellectual curiosity and personal growth. By integrating traditional knowledge with contemporary perspectives, it seeks to prepare students for diverse career paths and responsible citizenship.

The Bachelor of Arts program provides students with the flexibility to choose from a wide array of subjects, allowing them to tailor their education according to their interests. Students are required to select any three subjects from the following offerings:

- English
- History
- Political Science
- Sociology
- Economics
- Psychology
- Geography
- Education
- Hindi

POSTGRADUATE PROGRAM (M.A.) :

The Postgraduate Program of Arts Department aims to equip students with in-depth knowledge and understanding for their chosen field of study and helps them to develop their research skills, foster critical thinking analysis and problem solving skills.

The Department prepare students for advanced careers in academia, industry, and to Promote interdisciplinary collaboration and innovation.

Currently, the department offers M.A. programs in:

- ENGLISH
- HISTORY
- POLITICAL SCIENCE

DIPLOMA PROGRAM

PROGRAM NAME:

PG DIPLOMA IN YOGA

Duration: 1 Year **Eligibility:** Any Bachelor Degree from UGC approved institution

ABOUT THE PROGRAM

Post Graduate Diploma in Yoga Therapy involves the study of yoga science and ancient healing therapies. Yoga Therapy is defined as the science of development, cultivation, production and marketing of Yoga in medical Techniques and Exercise.

PROGRAM HIGHLIGHTS

- Yoga Instructor
- Yoga Specialist
- Yoga Teacher
- Yoga Advisor
- Yoga Practitioner
- Yoga Therapist

GRADUATE PROGRAM

PROGRAM NAME:

B.A. YOGA (BACHELOR OF ARTS IN YOGA)

Duration: 3 Years **Eligibility:** 12th Qualified

ABOUT THE PROGRAM

The Bachelor of Arts in Yoga program provide students with in-depth of understanding of various aspects of yoga, including its philosophy, history and practice. Student learns about anatomy and Physiology, which is essential for understanding the impact of yoga on the body.

PROGRAM HIGHLIGHTS

- Asana Practice
- Pranayama
- Meditation
- Physiology & Anatomy

POST GRADUATE PROGRAM

PROGRAM NAME:

M.A. YOGA (MASTERS OF ART IN YOGA)

Duration: 2 Years **Eligibility:** Graduation

ABOUT THE PROGRAM

Master of Arts in Yoga is a postgraduate Yoga course. The aim of program is to provide Yoga Therapy to the patients who are suffering from various kinds of psychosomatic disorders.

PROGRAM HIGHLIGHTS

- Yoga Therapy Instructor
- Panchkarma Therapist
- Consultant Yoga Therapist
- Naturopathy Therapist

CAREER PATH

- Yoga therapist
- Wellness consultant
- Corporate trainer or entrepreneur
- Yoga teacher & work in yoga studios
- Work in fitness center, school, and community centers
- Working with companies to promote well and mindfulness in the workplace.

DEPARTMENT OF AGRICULTURE SCIENCES

Department of Agriculture Sciences offer Undergraduate and Postgraduate programme. The programme provide a broad exposure to agricultural discipline, unified education, research and public service programs that bring new innovation and leadership to the agricultural industry. The main focus of Agriculture Sciences Department is to train students to improve their employability and entrepreneurship in agricultural sector.

UNDERGRADUATE PROGRAMME

B. SC. (HONS.) AGRICULTURE

B.Sc. (Hons.) Agriculture course is a four-year degree program which has been started in D. D. College with a vision to impart in depth knowledge of Agricultural Sciences and train students in developing expertise in frontier areas of agriculture and horticulture for a sustainable agricultural production.

This course is affiliated from Sri Dev Suman Uttarakhand University, Badsahithaul, Terhi Garhwal, Uttarakhand. The program curriculum includes courses in crop production, genetics, plant breeding, microbiology, horticulture techniques, bio-technology, dealing with weeds, pest control, plant pathology, farm engineering with a relevant laboratory programs and a research project leading to a dissertation.

SCOPE OF B. SC. AGRICULTURE

There are several opportunities for B. Sc. Agriculture graduates in Government and in Private sector. Graduate in B. Sc. Agriculture can also be hired for the posts like Agriculture Development Officers (ADO) and Block Development Officers (BDO), Krishi Vigyan Kendras (KVK).

B. Sc. Agriculture Eligibility Criteria:

10+2, 50% or above in with biology, physics, chemistry, etc. as core subjects.

POSTGRADUATE PROGRAMME

M. SC. AGRONOMY

M.Sc. (Agronomy) is a two years full time course. The course is affiliated from Sri Dev Suman Uttarakhand University, Badsahithaul, Terhi Garhwal, Uttarakhand. Agronomy is a branch of agriculture focused particularly on food and cash crops. Professionals in this field are concerned with enhancing grain and seed nutrition, as well as increasing the amount and quality of food. Agronomy and crop science programs emphasize on biology and chemistry, as well as math and statistics. Major course work includes plant physiology, soil chemistry, plant breeding and soil fertility. Some programs allow students to select a concentration area, such as plant breeding, agro ecology, seed production or pest management.

SCOPE OF M. SC. AGRONOMY

There are several opportunities in governments as well as private bodies that recruit skilled candidates as research scientists, field officers, crop production specialists, farm managers or agricultural consultants take in professionals from the field of agriculture.

M. Sc. Agronomy Eligibility Criteria: Bachelor's degree in Agriculture.

M.SC. HORTICULTURE

M.Sc. (Horticulture) is a two years full time course and this course is affiliated from Sri Dev Suman Uttarakhand University, Badsahithaul, Terhi Garhwal, Uttarakhand. Horticulture deals with plant cultivation, to indirect involvement in food technology and production. The main aim of horticulturist is to improve the plant growth, quality, nutritional value, yield and resistance to insects, diseases, and environmental stresses.

SCOPE OF M. SC. HORTICULTURE

There are several opportunities in government sector and private sector which offers employment in areas of Plantations, Agricultural Machinery and Equipment Manufacturing Firms, Agricultural Product Marketing Firms, Floriculture, Olericulturists, Pomologists, etc.

M. Sc. Horticulture Eligibility Criteria: Bachelor's degree in Agriculture and Horticulture.

INFRASTRUCTURE

CLASS ROOMS

D.D College provides spacious, well-ventilated, and well-furnished lecture rooms. Each classroom is equipped with contemporary furniture, providing ergonomic seating arrangements that facilitate focus and engagement during lectures. To support interactive learning, classrooms are fitted with projectors and facilities for PowerPoint presentations, allowing for multimedia teaching methods. These features collectively contribute to an educational setting that supports both teaching and learning processes effectively.

LIBRARY

To keep an update with the latest happenings and to correlate it to history, merging it with technology the students need the resource of information. The library at D.D College maintains the record of the entire requirement to cater to the need of students. Serving as the backbone of the institution, the library house is a vast collection of textbooks across disciplines such as science, arts, commerce, and agriculture. Additionally, it subscribes to numerous journals, magazines, and newspapers, catering to the diverse academic needs of students and faculty.

It has incorporated collections of prints, visuals, and creative resources which are systematically organized with different sources from India and abroad. The list of books is being upgraded as per the requirement from time to time.

D.D COLLEGE LABORATORIES

D.D College labs provides an opportunity to bring theory into practice. The laboratory is fully equipped with required equipment. Students get a first-hand learning experience by performing various experiments on their own. Students are

made to use the models and understand different scientific theories and concepts.

The college is equipped with modern laboratories for subjects including Physics, Chemistry, Botany, Geography, Psychology, Zoology and Agriculture. These labs are designed to support practical experiments and research activities.

PHYSICS LAB

D.D College of Education possess well equipped Physics lab as it is important for learning physics because they provide an experimental foundation to help students understand concepts and principles, and verify what they've learned in class. Labs also help students develop skills and confidence in measuring physical quantities, manipulating materials, and analyzing data.

CHEMISTRY LAB

D.D College has a well equipped Chemistry lab as it is an important part of the chemistry learning experience because they allow students to explore chemical concepts, develop practical skills, and apply theoretical knowledge. They can also help students develop scientific skills, such as creative thinking, problem-solving, and an understanding of the scientific method.

BOTANY LAB

The lab is equipped to facilitate studies in plant sciences. It includes:-**Microscopes, Specimen Collections, Herbarium and Laboratory Equipment.** These resources enable students to explore areas such as plant taxonomy, ecology, and pathology.

GEOGRAPHY LAB

D.D College is equipped with modern tools and instruments essential for comprehensive geographical studies. Key features include: **Cartographic Tools, Survey Equipment, Topographical Maps: Weather Instruments, GIS Software.**

PSYCHOLOGY LAB

D.D College is designed to facilitate experiential learning and research in human behavior and mental processes. It includes: **Psychometric Tools: Experimental Apparatus, Observation Rooms, Biofeedback Machine.**

EDUCATION LAB

The lab houses a variety of instructional materials, including charts, models, and audio-visual aids, enabling students to create and deliver effective lesson plans. Facilities are available for micro-teaching sessions, allowing students to practice teaching techniques in a controlled setting and receive constructive feedback. Modern equipment, such as projectors and interactive boards, are available to familiarize students with contemporary teaching technologies. These features collectively ensure that students at D.D. College are well-prepared for real-world teaching scenarios.

ZOOLOGY LAB

D.D College is designed to provide students with hands-on experience in animal biology. Key features include: **Specimen Collections, Microscopy Equipment,**

Dissection Tools, Visual Aids. These facilities support practical sessions in areas like taxonomy, physiology, and developmental biology.

AGRICULTURE LAB

lab supports practical learning in agricultural sciences. Features include: **Soil Testing Kits,**

Agricultural Tools, Irrigation Model, Pest and Disease Sample. These facilities are designed to train students in sustainable agricultural practices and modern farming techniques.

ICT LABORATORY

D.D College ICT Lab is very well equipped with 250 desktops, interconnected in a Local Area Network with a central server system. The campus is Wi-Fi enabled. Unique login IDs have been issued to students and the faculty for access. It has a full-time system administrator. Students make effective use of ICT lab in planning of their lessons and nurture technical skills

Ancillary Services :- D.D. College emphasizes holistic development by offering facilities such as a large playground, and active units of NSS, Regular co-curricular and extracurricular activities are organized to foster overall student growth.

For more detailed information or specific inquiries, you can visit the official D.D. College website: <https://ddcollege.in>.

ADMISSION PROCEDURE

FOLLOWING STEPS ARE TO BE TAKEN BY STUDENTS SEEKING ADMISSION IN THE COLLEGE

(A) Get registered for the admission

(B) Student has to report back to the admission cell within 3 days of the registration with the following documents

1. Dully filled admission for verification.
2. Original certificate for verification.
3. Two photocopies each of class 10th and 12th marksheet5 and certificates: Migrations, TC and character certificates in original with two photocopies each.
4. Two photostat's of Adhar card/ID card.
5. 6 photocopies of passport size photograph.
6. Dully filled undertaking/declaration from attested by public notary.
7. For B.Ed, graduation/ post-graduation mark
8. B.Ed entrance examination marksheet.

(C) Mode of fee payment

1. Total fee is to be paid at the time of admission.
2. For the convenience of the economically weaker section of the society fee can be paid in two equal installments within 6 months of the admission.
3. All other charges are payable at the time of admission.
4. If the fee is not paid within the due time a fine of Rs. 50 per day will be charged.
5. If the identity card of any student is lost additional Rs. 200\ - will be charged for the ID card.
6. Students will be informed separately for the examination fee.

(D) Cancellation of admission

1. If the college fee and other charges and other charges are not paid within one week from the date of registration admission may not be granted and no refund of the registration charges will be meet.
2. In case the student seeks cancellation of his/her admission the following Criterion will be followed:
 - I. Registration fee will not be refunded.
 - II. Cancellation within 15 days of admission 70% fee will be refunded.
 - III. Cancellation after 15 days but within 1 month 50% fee will be refunded.
 - IV. Cancellation after month but within 2-month 30% fee will be refunded.
 - V. No fee will be refunded if the admission is cancelled after 2 months

FIRST NATIONAL SEMINAR

December 10-11, 2016

Topic: Rural And Urban Issues in India

The Seminar reflected the various rural and urban issues causing concern in the present times in India. Focus was laid upon aspects like urban hydrological system, solid waste generation, urbanisation and health issues, industries in rural Uttarakhand, the issue of demonetisation and various issues and challenges of development in rural areas.

The objective of the seminar was to provide a platform for discussing these issues so that policy matters could be formulated on this basis.

SECOND NATIONAL SEMINAR

December 29-30, 2017

Topic: Mountain Economics and Environment Change in Himalayas

It was a scientific event for sharing and discussing the challenges of research in mountain system. Obtaining sustainability in development and extending the benefits of mountain economics to the hill people are major issues before scientists and policy makers

The seminar focused upon addressing the actual state of mountain science. It was an attempt to bring together the Himalayan community and a border national community of scientists and stakeholders and to establish information and collaboration networks.

THIRD NATIONAL SEMINAR

December 30-31, 2021

Topic Migration and Sustainability of Rural Settlements

The seminar was a scientific meet of scholars for discussing challenges of migration and the resultant transformation in the rural settlement.

The seminar addressed the actual state of migration process and how its conceptual and practical development could succeed in understanding the core issues of rural sustainability.

FOURTH NATIONAL SEMINAR

January 6-7, 2023

Topic : Climate Change Disasters and Increasing Vulnerability in Western Himalayas

The Seminar was organized with the basic objective of developing the broad database by scientists and scholars after deliberations on the subject.

It was aimed at the application of scientific models in the analysis of data on the problem of climate change would help planning agencies of the government to mitigate the disasters caused by climate change.

FIFTH NATIONAL SEMINAR

January 5-6, 2024

Topic: Stress of Urban Expansion and Disasters in Uttarakhand

The seminar was an attempt to scientifically analyse the stress caused by urbanisation on infrastructure, formation and implementation of policies to manage the physical growth of urban settlements in Uttarakhand.

The situation caused by rapid expansion of cities in India has forced the planning agencies of the country on high alert to prepare such plans for the cities that their growth pattern does not create disasterous situation.

SIXTH NATIONAL SEMINAR

January 10-11, 2025

Topic: Economy and Environmental Sustainability in Mountains

The seminar was organised to focus on mountains and their fragile ecosystem. Geographers and environmentalists in particular have shown great interest in the economy of the mountains and sustainability of the environment.

However, no significant result in understanding of the environment. However, no significant result in understanding the related issues has been found which could encourage the mountain population in participating in the process of environment sustainability.

EXTRACURRICULAR ACTIVITIES

FOR THE STUDENTS

Our institution strongly encourages students to engage in a wide range of academic, cultural, social, and sports-related activities throughout the academic year. These opportunities help students enhance their leadership, creativity, confidence, and interpersonal skills while building a strong sense of community. All activities are conducted under the guidance and mentorship of faculty members.

A) Departmental Societies: Each academic department has a dedicated student-led society. These societies organise various academic activities such as debates, quizzes, essay writing, paper presentations, seminars, field visits, and exhibitions.

- **COMMERCE SOCIETY**
- **SCIENCE SOCIETY**
- **ART SOCIETY**
- **B.ED SOCIETY**
- **AGRICULTURE SOCIETY**
- **LAW SOCIETY**
- **COMPUTER SCIENCE SOCIETY**
- **YOGA SOCIETY**

B) Cultural Society: The Cultural Society organises vibrant events including dance, drama, music shows, fashion shows, and literary fests. It also takes charge of celebrating major national and cultural festivals like Independence Day, Republic Day, Deepawali, and Holi.

C) Sports Club: The Sports Club organises inter-class tournaments in football, volleyball, cricket, badminton, table tennis, and athletics. Students are awarded medals, trophies, and certificates on Annual Sports Day.

D) Training and Placement Cell: This cell empowers students by conducting pre-placement training, aptitude tests, mock interviews, resume-building sessions, and workshops. It also facilitates campus placements by inviting reputed companies and institutions.

E) Counselling Cell: A dedicated Counselling Cell provides psychological support and career counselling to students facing personal, academic, or emotional challenges. Professional help is available to ensure students' well-being.

F) NSS Unit: Students can participate in community service and national-building activities through the **National Service Scheme (NSS)**, enhancing their sense of social responsibility and discipline.

G) Literary Club: The Literary Club fosters a love for reading, writing, and public speaking. Activities include creative writing, poetry recitations, elocution, debates, and book discussions.

D.D. COLLEGE

(Affiliated to Sri Dev Suman Uttarakhand University)

COURSES OFFERED

- ▶ **LLB/BALLB**
- ▶ **B.A.**
- ▶ **B.A. (Yoga)**
- ▶ **B.B.A.**
- ▶ **B.COM.**
- ▶ **B.COM. (Hon's)**
- ▶ **B.SC.**
(Computer Science)
- ▶ **B.SC. (IT)**
- ▶ **B.C.A.**
- ▶ **B.SC. (Agriculture)**
- ▶ **B.SC. (PCM/CBZ)**
- ▶ **M.SC.**
(Physics/Chemistry/
Math/Zoology/Botany)
- ▶ **M.SC.**
(Horticulture/Agronomy)
- ▶ **M.A. (Yoga)**
- ▶ **M.A.**
(Eng/Hist/Pol. Sci.)
- ▶ **M.COM**
- ▶ **PG DIPLOMA IN YOGA**
- ▶ **B.Ed.**
- ▶ **D.PHARMA***
- ▶ **B.SC. (Nursing)***

RULES & REGULATIONS

DD College believes that discipline is the foundation of academic excellence & personal growth. To make sure that a student receives a safe, healthy, respectful, & conducive environment for learning, not only the staff members, but also the students are expected to adhere to the following

SET OF RULES & REGULATIONS:

- Students are issued an ID card in the beginning of the admission, which they must carry all the time & present it whenever necessary.
- Students must attend the college regularly with a minimum of 75% attendance, as per the college norms. If required, he/she will be debarred from appearing in the university exams.
- They are expected to come to the college in proper college uniform in a modest & appropriate manner.
- Library often have specific rules regarding noise levels, usage of devices, & issuing of books policies.
- Acts of ragging, bullying, or harassment or any other form of violence are strictly prohibited & will result in severe disciplinary measures.
- Cheating in exams and any sort of academic dishonesty will not be tolerated, leading to strict actions.
- Students should be mindful of their online behavior & avoid posting anything that could be harmful or damaging to the college or its reputation.
- Use of cellphones during lectures, in the library or examination halls is not permitted, unless authorized.
- Smoking, consumption of alcohol, and use of illegal substances are strictly banned within college premises. Moreover, the students are not allowed to assemble on the road or anywhere outside the college.
- It is the responsibility of the students as well to take utmost care of the college property, which means that they should not damage & defame either of them.
- Appearing in internal exams along with proper submission of assignments is compulsory.
- Mutual respect, courtesy, & integrity must be upheld at all times.
- Any violation of the above rules may lead to warnings, fines, suspension, or even expulsion from the college based on the severity of the offence.
- The college disciplinary committee reserves the right to take necessary actions in all the cases of misconduct.
